

NEW FEATURES OF SIMULTRAIN 12 NOV. 2016

Layout

- HTML-based, No Flash
- Scalable to different screen sizes
- Left menu: white - red layout
- Gantt Chart:
 - no slacks, links between activities
- Reports List is on a separate page
- Organization chart includes 32 people
- No TO-DO list, no Help button in left menu

Simulation Control

- One-page layout
- Risk Management Difficulty changes the probability of the risk occurrence.

Status Report

- Available in the Reports from the beginning.
- Trainer asks participants to make forecast for week 4, 8, and the end of the project. The forecast must be made at least 3 weeks before the deadline.
- The report can be updated anytime and available for the trainer via the Trainer Desk.

Performance Indexes	Forecast Week 4	Actual Week 4	Forecast Week 8	Actual Week 8	Forecast at Completion	Actual at Completion
Costs	89%	57%	100%		102%	
Schedule	89%	56%	96%		100%	
Quality	95%	94%	96%		100%	

Issues

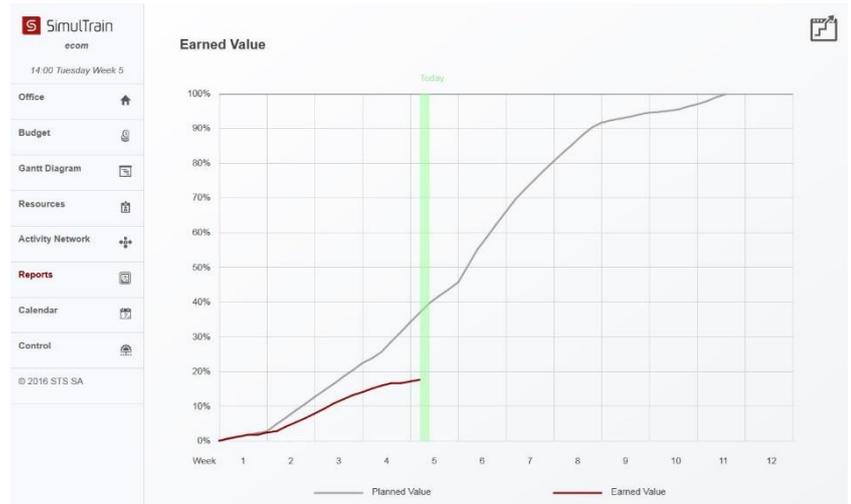

1. Not enough time for planning
2. Language problems
3. Absensense of decisions

Actions

- To crash the Gantt to be on time
- Using more resources
- To check skill matching
- To avoid overtime

Earned Value

- Shows Earned Value and Planned Value.
- The chart changes if there are changes in the project plan.
- Planned Value beyond the duration of project increases proportionally to the date.

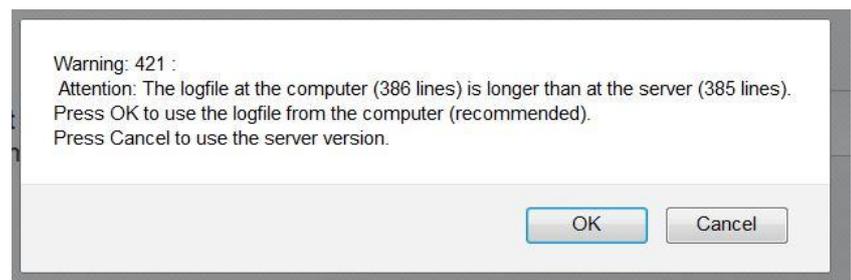

Resource Level Chart

- Shows a histogram of people in core team, people available and the number of active people.
- It is optional and available at the bottom of the Resource chart .

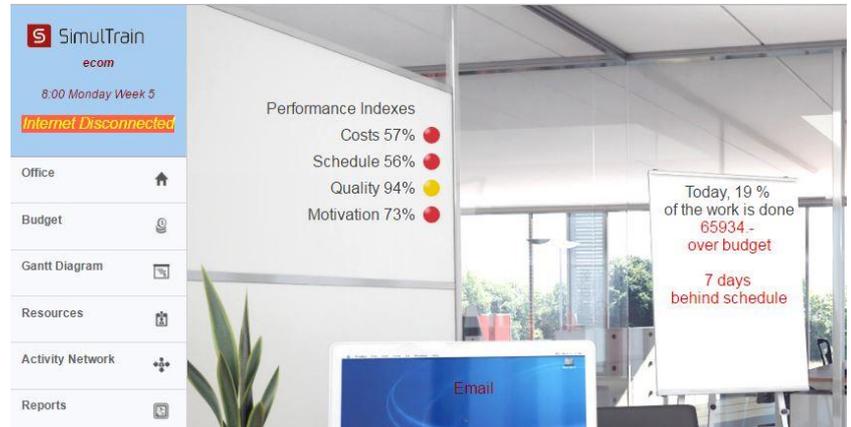

Reliability Increased

- Calculations are more precise
 - Updates every simulation hour
- Log is saved on computer and server
 - You can choose the source in case of problems

- Temporary Internet cuts don't affect the simulation: the participants is informed via a red alert "Internet Disconnected".

Trainer Desk

- HTML-based, No Flash.
- Team identification by passwords.
- All current functions are present.
- Please ask for a new free login.
- Status Report access anytime.
- Learning Points access at the end of the project.
